

John J. McPhee A Well Known Pioneer, Dies

An esteemed pioneer, whose association with Abbotsford covered 30 years, passed away on Monday morning in the death at Chilliwack, his recent home, of John McPhee at the age of 78. While Mr. McPhee had been in failing health since last October, he had visited in Abbotsford less than three weeks ago, and his passing came as a shock to many friends.

Funeral Wednesday
Funeral services are being held this Wednesday afternoon at 3:00 o'clock from the Henderson Funeral Home, Abbotsford, to Hazelwood cemetery, Rev. Angus Cameron officiating.

The late Mr. McPhee is survived by his wife, two sons, Stewart of New Westminster and Lorne at Chilliwack, and six daughters: Mrs. M. V. Sawyer and Mrs. A. W. Johnston of Burlington, Washington; Mrs. J. M. Wolverson, Kimberley, B. C.; Mrs. C. J. Dunbar, Burbank, California; Mrs. A. N. Dando of Victoria, B. C.; and Mrs. O. G. Martin who resides in Honolulu. All members of the family with the exception of Mrs. Martin, are attending the rites today. A third son, Tupper, was killed in the Great War and his name is inscribed on the Abbotsford honor roll. Two sisters also survive Mr. McPhee: Mrs. Annie McDonald, Prince Edward Island, and Mrs. Clifford McGray, Los Angeles, California.

Came in 1908

Born in Prince Edward Island, the late Mr. McPhee came west in 1906, first stopping in the Kootenays. He came on to the Coast two years later, establishing a grocery business in Abbotsford in '08. He conducted this business till just before the War. He then entered the Canadian Immigration service and became well known to travelers passing through the Huntingdon office until his retirement in 1922. It has only been during the past three years that Mr. McPhee left Abbotsford for any length of time, having resided for awhile in New Westminster and latterly at Chilliwack.

Staunch and Fortright

Mr. McPhee had many friends and admirers. He was a staunch and forthright citizen, always took an active part in community affairs and backed his views with aggressive action. Prominent in obtaining for Abbotsford its own school district, he was a member of the board for many years. Most noteworthy of his activities, however, was his unqualified support of Conservatism, and in the unusual election of 1924 he carried the Valley banner, losing in the three-cornered fight contested by Liberal and Provincial Party candidates.

A nephew and niece, Mr. and Mrs. Alex McPhee, have their home in Abbotsford.

OPERATION OF FARM ASSISTANCE ACT TO CONTINUE

Matsqui municipal council held a special session on Wednesday last to discuss with Mr. Tubman, chief government investigator, continuation of operation of Farm Assistance Act in the district. It was finally agreed that Matsqui would continue its 20 per cent proportion of this assistance as long as funds permitted.

Municipal funds are at a low ebb, Reeve George Cruickshank declares. Ward expenditures, he points out, have been curtailed to \$100 each monthly during the past two months.

LICENSE SHORTAGE PROVES EXPENSIVE

Failure to possess a driver's license cost Frank Weismiller of Bradner \$5.00 and costs in Matsqui municipal police court Thursday morning and a lack of a car license an additional \$10 fine and costs. Total of fines and costs was \$20.00.

100 MILE VALLEY BICYCLE RACE

A championship changed hands, those who saw racing cyclists pass twice through the M. S. A. area on the Trans-Canada highway Sunday forenoon may be interested to learn. The event was the Vancouver Bicycle Club's annual 100-mile road race. It was won by Bob Allen of Edmonton in 4 hrs 45 min.

Popular Bradner Teachers Wed On Friday

A quiet wedding took place on August 20 at 8:30 o'clock at the home of the bride's parents in Aldergrove when Evelyn, second daughter of Mr. and Mrs. Joseph Catto became the bride of Mr. Stewart McRae, only son of Mr. and Mrs. William McRae of Vancouver.

Given in marriage by her father, the bride wore a smartly tailored brown sport suit with white hat and accessories. Her corsage was orange snapdragons and white asters.

She was attended by her sister, Elsie, who chose a tulle in blue with white hat and a corsage of pink sweet peas.

The groom's father acted as best man for his son.

The ceremony was performed by Rev. Angus Cameron of Abbotsford under a prettily decorated arch made up of masses of colored leaves and flowers. At either side were tall baskets of gladioli and asters in various shades.

Pink and white sweet peas were used in decorating the tea table, which was centered with a three-tier wedding cake.

Following the reception, the bride and groom left on a motor trip south.

Guests from Vancouver were Mr. and Mrs. W. McRae, Miss Laura McRae, Mrs. George Coles, Mr. and Mrs. Sam North, Mr. and Mrs. Oliver MacWilliams, and Miss Mary Wilson.

Capt. Berner Of S. S. B. Is Moved To City

"It is like coming home," said Capt. A. Berner, field supervisor for the Soldier Settlement Board, when he returned to the M. S. A. area last December after six years in the Central Interior. Prior to that Capt. Berner had been stationed in Abbotsford from the time he returned from Overseas.

This week, Capt. Berner moves again, having been transferred under a reorganization plan, to New Westminster. His office will be in the Post Office building there and his home at 2132 Fulton avenue. Efforts of the Abbotsford & District Board of Trade to have Capt. Berner kept here were unavailing but his new district will extend from the Royal City eastward to Gladwin road, Matsqui.

Consequent to his latest transfer, Capt. Berner disposed of his 40-acre farm at Gifford last week to P. E. Hansen, who recently sold his Sumas Prairie farm to one of the new Swiss settlers. Building on the Berner farm were destroyed by fire on the eve of the family's return from Smithers last December, and Mr. Hansen will replace them.

MAY APPOINT KILBY

Action Kilby of the Milk Producers Agency Ltd. will be appointed to the Fraser Valley Milk Board as representative of the independents.

Area Well Represented At Irrigation Conference; Talks Very Informative

About fifty farmers and others interested in Fraser Valley Agriculture attended the irrigation conference sponsored by the Agricultural Division of the B. C. Electric Railway Company, in co-operation with the Faculty of Agriculture and the Department of Extension of the University of B. C. The conference was held at the University on Wednesday, with Prof. P. A. Boving in the chair. Dr. B. A. Eagles extended the welcome of the University in the absence of Dean Clement.

Growth Factor

Dr. G. G. Moe, head of the Department of Agronomy, was the first speaker of the conference, discussing "Water as a Growth Factor." Dr. Moe stated that authorities don't agree on the exact water requirement of the various crops and that local environmental differences have a marked effect on the amount of water a plant will use in producing a pound of dry matter. However, in a climate

such as ours, corn will use about 368 pounds of water in building up one pound of dry matter; oats 597 pounds; clover 797, and grasses 861 pounds. A crop of hay yielding four tons of dry matter per acre, will require 40 inches of moisture when all losses are considered.

Mr. F. Mills, Agronomist at the Agassiz Experimental Farm, followed, enlarging on Dr. Moe's remarks and described some of the experiences of the Government farm during this year's dry summer.

Superior Quality

Prof. T. Earl Price, head of the engineering of Oregon Agricultural Department of Agricultural Engineering, and a man with a great deal of experience in the use of irrigation in the humid regions of the North-west, gave an instructive address on the work done in Oregon. Oregon's use of irrigation in the areas of high rainfall covers 30 years, and all doubt about its value has long been removed from the

Youngster's Fingers Are Severed in Machinery

Nettie Martin, 6-year-old daughter of Mr. and Mrs. Henry Martin, Ridgevale, had all the fingers of her right hand severed at the first joint when caught in some machinery. The severed portion of one was found and replaced by Dr. R. J. Macdonald at the M. S. A. general hospital.

Name Judges For Central Valley Fair

Invitations to judge the various classes at the fourth annual Central Fraser Valley Fair at Abbotsford next month have been accepted by the following persons: L. J. Kettle, secretary of the fair association, announces.

Horses: James Massie, Chilliwack; Cattle, K. Hayes, Vancouver; Sheep and Hogs, R. Gardner, Colony Farm; Poultry, Prof. E. A. Lloyd, U. B. C.; Dairy Produce, J. W. Wilson, Huntingdon; Honey, A. W. Finlay, Huntingdon; Field Crops, A. Crankshaw, Atchellitz; Vegetables, W. Sandall, Dom. Field Inspector; Fruit, J. W. Wilson, Huntingdon; Flowers, F. Fatkin, Bradner, and Women's Work, Mrs. McRae, Chilliwack.

More Accommodation

Additional tables for the display of entries and more poultry coops are being provided for the 1938 fair under the direction of S. J. Mitchell. The fair board has also let a contract for the white washing and disinfecting of the stock buildings.

To Call Meeting

At a meeting of directors, held Saturday night, it was decided to adopt a suggestion from several Abbotsford business men and call a meeting on Wednesday, September 7, for the purpose of outlining arrangements made for the fair.

School Sanitary Facilities Are Being Surveyed

Dr. J. A. Taylor, who recently assumed charge of the public health unit in the M. S. A. area, is at present conducting a survey of the sanitary facilities of the various schools. This is being done in co-operation with Mr. T. W. Hall, director of education for the area, and includes consideration of lighting and ventilation of the class rooms. Dr. Taylor succeeds Dr. J. M. McDermid as M. H. O.

To Examine Students

In the course of the first two or three months of the fall term which commences next month, Dr. Taylor hopes to examine all the children in the first, fourth and eighth grades as well as all pupils participating in major sports.

THREE CHARGED UNDER SHEEP PROTECTION ACT

Damages of \$18.75 and costs of \$2.50 were assessed by Magistrate G. H. Loach in Matsqui police court Thursday against Anna Picugin, Ware road, under the Sheep Protection Act. Charged under the same act, Wm. Dickson, Emerson road, was assessed \$20 damages and \$2.50 costs. A similar charge against L. Nelson was adjourned one week.

DAVID H. MOORE

Funeral services are being held this (Wednesday) afternoon for the late David H. Moore, former Abbotsford resident, whose death occurred at Marpole on Friday last. The services, held in the Orange Hall under auspices of L. O. L. No. 1867, of which deceased was a member, will be conducted by Rev. D. Donaldson, chaplain.

The late Mr. Moore will be remembered by many as proprietor of a shoe business in Abbotsford for some years. It is understood he has no relatives.

President

A. KIRK GEROW

President of the New Westminster Junior Board of Trade which sponsored the caravan of 80 Junior Board of Trade members which toured the larger Fraser Valley Scenic Circle on Sunday. When the party stopped briefly in Abbotsford the members expressed themselves delighted with the outing. Mr. Gerow is also scheduled to take an active part in the meeting to be held at Cloverdale on Saturday for the purpose of organizing an Associated Junior Boards of Trade of the Lower Mainland and Fraser Valley.

MR. AND MRS. T. DELAIR HONORED BY FRIENDS PRIOR TO DEPARTURE

Friends and neighbors gathered at the Whatcom Road Hall on Friday evening to honor Mr. and Mrs. T. DeLair, who are leaving at the end of the month to make their home in the Nicola Valley.

Mr. DeLair is taking over the management of Major Goldman's 10,000 acre cattle ranch there.

On behalf of those present Mrs. P. Starr presented the guests of honor with a walnut coffee table. Mr. DeLair suitably responded. The evening was spent in cards and serving of refreshments. Before departing all joined in singing "Auld Lang Syne" and wishing Mr. and Mrs. DeLair happiness in their new home.

SOFTBALL SUNDAY

The Watkins-Winram softball team of Vancouver will play the Abbotsford team Sunday on the Jubilee grounds at 2:00 p.m.

Items of Interest In and Around Abbotsford

Mrs. D. A. Clement, Abbotsford agent for the B. C. Telephone Co., is enjoying two weeks' vacation at the Coast. Accompanied by her daughter, Joanne, she spent last week on Bowen Island. Miss Walker is taking her place.

Rev. B. Csaki of Abbotsford was one of 40 priests who attended the annual retreat of clergy of the Vancouver archdiocese held at the Catholic Junior Seminary, Ladner, last week.

Rev. R. J. McIntyre of Vancouver will take the service at Trinity United church on Sunday, August 28. Mr. R. Topper conducted the service last Sunday. When proceeding to Chilliwack to take the service at the United church there on Sunday, August 7, Rev. Mr. McIntyre had the misfortune to overturn his car on the highway on Sumas Prairie. He sustained a cut on the head but Mrs. McIntyre and their son, who who accompanied him, escaped with a shaking up.

Mrs. A. E. Kelly of Port Neville, late of Abbotsford, left on August 15 for England, where she will take up residence.

Mr. Kenneth Plowright of the A. S. & M. News staff is visiting the seaside resorts and British Columbia and Washington coast cities during vacation. Mr. Ivan C. Hambly of New Westminster is relieving.

Business places noticed brightening up for Fall Fair days and as surface protection against approaching winter weather are Slim's Service Station, decked out afresh in Hiway Oil colors, and Hunt's Confectionery with a green facelift in place of the former cream front. Mr. and Mrs. J. G. Gillman are visiting at Alta Lake and Victoria this week.

Mrs. Lang Sands is accompanying

Wasylenchuck Trial Is Set For Sept. 6th

Convicted of bank robbery, sentenced to eight years in the penitentiary, and out on \$10,000 bail pending appeal, John Wasylenchuk appeared in county court, New Westminster, on Friday on charges of burglary and possession of a stolen automobile.

Pleads Not Guilty

Wasylenchuk elected for a speedy trial and pleaded not guilty. Judge Whiteside set September 6 as the date of trial. The prisoner sought an earlier date, but could not be accommodated. He then suggested that as he is already under \$10,000 bail in the other matter, he should be given his freedom pending trial on his own recognizance. Judge Whiteside blandly ignored the suggestion.

Abbotsford Affair

The new charges are those on which Wasylenchuk was committed for trial by Magistrate George F. Pratt when he appeared in Abbotsford police court on August 8 and 10, charged with entering the Lawrence drygoods store, Abbotsford, and stealing goods to the value of \$14 on July 18 and also, on the same date, being in possession of an auto stolen from L. H. Eyres, M.L.A., Chilliwack.

Twenty Babies At Clinic Held In Abbotsford

Twenty babies were brought to the Baby Clinic held in Abbotsford under the auspices of the Public Health Unit. All of the babies were examined by Dr. J. A. Taylor, who recently took charge of the M. S. A. unit, and they also were weighed and measured by nurses in attendance.

Only three babies were brought to the last Baby Clinic held at Poplar, but more are expected on the next occasion when duties at home will not be so oppressing.

A clinic is being held in the Lutheran church parlors, Matsqui, today, Wednesday.

Schedule for Baby Clinics is: Poplar, second Wednesday in each month; Abbotsford, third Wednesday, and Matsqui, fourth Wednesday. It is hoped, if accommodation can be arranged, Dr. Taylor states, to arrange a regular clinic in Sumas district.

her father and mother, Mr. and Mrs. J. P. McMurphy of New Westminster, on a motor trip on Vancouver Island.

Mr. Jack Elder spent Friday and Saturday in Victoria, where he visited his brother.

Mr. Harry J. Barber, M.P., of Chilliwack was a visitor in the M. S. A. area on Saturday.

Mr. T. G. Stewart, Dominion Live stock commissioner, was the guest of Mr. Dan Hunt at the week-end. He reports cattle in the Interior as generally in good shape in spite of the dry season.

Mrs. P. Lukiv and baby daughter of Thunder River, B. C., are visiting the former's mother, Mrs. K. Warwarick.

Mrs. Clayton of Vulcan, Alberta, is the guest of Mr. and Mrs. M. C. Dunham.

Miss Dorothy Jones and Miss Dorothy Leary are attending the Nazarene Young People's convention at Twin Rocks, Oregon.

Dr. R. J. Macdonald was the guest of honor at a party given by a score of friends at the home of G. E. W. Clarke on Friday night. He was presented with a cocktail set. His marriage takes place in Vancouver today.

Mrs. Harry Thomas left for Britannia on Monday night on account of the serious illness of her aunt there.

Councillor Wm. Scott, Messrs Dingley and Tucker visited Peace Portal golf course on Sunday.

LARGE POTATO

A Netted Gem potato grown in Mr. G. Perley's garden, Abbotsford, is on exhibition in the window of the A. S. & M. News. It weighs 2 1/2 pounds and its circumference measurements are: length 19 1/2 inches; width 9 1/2 inches.

HARVESTING SCENE ON SUMAS PRAIRIE

Average yield of oats this season on the big tracts planted to this crop on Sumas Prairie is 1 1/4 tons to the acre. This average holds good for fields of 100 to 200 acres or more. In smaller fields of 25 or more acres the crop has run better than two tons to the acre and as high as 2 1/4 tons has been reported. Interviewed by the A. S. & M. News, Reeve Alex Houghen considered the yield good in view of the unusually dry season. Other crops in the Sumas area, he pointed out, are averaging as well or better than in previous years. Hops are reported better than average; tobacco is good for a dry year; the clover seed crop is promising, though the acreage is smaller, and the clover hay crop was good.

Border Should Be Open 24 Hours and Road Links Improved

Coupled with the need of a more adequate road link with the Trans-Canada highway for the Customs-Immigration port at Huntingdon-Sumas is the need for more adequate service for the public of the two nations utilizing this port.

Ridiculous is probably a mild term to describe the present policy of closing this port, one of the top five on the border, and keeping it idle not only all night but until 8 o'clock in the forenoon.

The very least the public has a right to expect in border service should provide customs and immigration service on both sides of the "line" from 5 a.m. till 1 a.m. following. The day and age is past when Dobbin was put in the barn at twilight. Almost as much travel is done during the night by motorists as during the daylight hours and if tourists are worth as much as Ottawa and Washington maintain then they should be accommodated.

Closing the border offices at 12 midnight blocks a great deal of potential traffic. Americans coming north, Canadians going south do not expect to find this artificial barrier when commuting. The same situation exists in the morning. Tourists go places and do things—and spend money in the process. They start, however, early in the morning and neither Canadians or Americans have time to waste from their vacations sitting in their cars at the boundary while the sun climbs high into the heavens.

One other point that apparently must be brought to the attention of officialdom by the public. That is, if the smaller offices such as Douglas, Aldergrove and Huntingdon, were open more hours in the day there would not be the highway congestion that has been the cause of so much grief on the Lower Mainland. Spending millions on a highway into Vancouver will not relieve this situation.

By keeping the several offices open all night and improving their road links with the Trans-Canada and other highway routes, the travelling public of both nations will be more easily and speedily served and fanned out to their respective destinations than by congesting traffic through one port and causing much of it to detour many miles.

OPPORTUNITY IN R. C. A. F. AWAITS ELIGIBLE YOUTH

The Royal Canadian Air Force has vacancies for a number of permanent commissioned officers and selections will be made shortly so that training may be commenced on November 1st, 1938.

To be eligible, a candidate must fulfil the following conditions:

(a) Of pure European descent, the son of parents both of whom are (or if deceased were at the time of their deaths) British subjects, or naturalized British subjects.

(b) Unmarried.

(c) Medically fit for full flying duties.

(d) Between the ages of 18 and 25 on the 1st of June, 1938.

(e) A graduate of the Royal Military College or a graduate of a four-year course in the Faculty of Applied Science, Arts, Arts and Science, Law, or Forestry, of a recognized Canadian university.

(f) Otherwise suitable, including appearance, character and personality.

Any young men who fulfil these conditions and wish to apply should do so by letter to the officer commanding, Western Air Command, Vancouver, B. C. prior to September 1st, 1938.

During the spring season, March to May, 1938, the concentrated milk industry of Canada benefited by an increased demand on both domestic and British markets. Exports amounted to 6,900,000 pounds registering an advance of 13.5 per cent over the corresponding period of 1937.

Farm Section...Local and Provincial Developments

Red Spider Makes First Visit In Years

Recent rains proved timely in assisting hop and fruit growers combat the exceedingly small but very destructive red spider which appears but once in a decade and was encouraged by the prolonged dry spell in its appearance this year.

This pest, visible only with a magnifying glass, has been reported throughout the northwest this year. First indication of its arrival is when leaves on the hop vines and on plum and fruit trees appear to turn yellow.

Control is not very well established due to the fortunate infrequency of the red spider's visits, but the A. S. & M. News is indebted to Mr. H. N. Ord, who operates the Fuggle Hop Garden on Sumas Reclaimed Area, for the prescription he has found most effective. Mr. Ord's remedy is a spray prepared with emulsified oil mixed in the proportions of 1½ gallons of the fine oil to each 10 gallons of water.

Egg Prices Go Higher, Others Drop on Market

Summer fruits and vegetables almost glutted the Fraser Valley market and prices were at their lowest of the year.

New arrivals included more apples: such as an abundance of Gravensteins at \$1 a box, and cooking apples and late Transparents at 75c a box. Plums were also plentiful, good Burbanks, Bradshaws and Greengages selling at 4c a lb., Damsons at 3c, Italian prunes 3c a pound, Good Bartlett pears were selling for \$1.25 a box, and crab-apples were offered at 2c a pound. Other fruits included blueberries, cultivated blackberries and late strawberries.

Egg prices were one cent higher for grade A large at 27c to producer, with mediums unchanged at 24c and pullets unchanged at 21c. Retail prices averaged 33c for grade A large, 30c for medium and 27c for pullets. The stiffer prices reflected lower production due to the moulting season.

Vegetables were plentiful and cheap, especially cucumbers of all sizes, tomatoes, onions, marrows, corn and beans.

\$127,000 Is To Be Returned To Co-Op Members

Whatcom County members of the Washington Co-operative Egg and Poultry Association will receive nearly \$30,000 as their share of the \$127,184.31 surplus retirement to be distributed throughout the state this month to members of the association.

The Lynden district will receive \$15,056.08, which represents \$8,882.58 in the egg account and \$6,173.50 in the feed account.

These funds are returned to members who patronized the organization in 1934 and are equivalent to approximately 33c per ton on feed and approximately 6.8c per case on eggs shipped during that year.

Irrigation Conference

(Continued from front page)

minds of the farmers of that state. The canneries are refusing to accept produce from farms not using irrigation because of the superior quality of the irrigated product and increases in the yield of beets, string beans, etc. of 200 to 300 per cent are common.

Increases Farm Capacity
Prof. Price considers that the two classes of farmers who will benefit most by irrigation are the dairymen and the producer of vegetables and small fruits. The cow carrying capacity of farms in the Willamette and Tillamook Talleys has been increased by 50 per cent in many cases and in the latter district, where over 90 inches of rain are received annually, 33 farmers have installed sprinkler systems this year. Sprinkling has numerous advantages over flooding, mainly in the saving of labor. Power costs are about the same for the two systems, but a labor cost of \$2.00 per acre for flooding doesn't compare with 13 cents for sprinkling. Also, sprinkling may be carried on 24 hours a day without attention during the night.

Gains Offset Cost
Mr. J. C. Scott, Agricultural Engineer of the Puget Sound Power and Light Co., followed Prof. Price and bore out what he had to say about amazing increases in the yields of crops when sprinkler irrigation is used. Mr. Scott went into costs of irrigating and stated that Washington farmers have found that it seldom takes three years to pay for the system in increased profits. In several cases the cost has been written off in one year.

Mr. E. C. Schuh, Agricultural Representative of the Puget Sound Power & Light Co. in Whatcom County, described some of the experiences of farmers in Northern Washington, particularly those of Kryn Pollinder of Lynden. A party was organized to visit Mr. Pollinder's farm on August 24th.

Mr. M. M. Fraser of Pumps & Power Ltd., spoke briefly on equipment, and emphasized the import-

ance of receiving reliable information and advice before installing any machinery.

Mr. E. E. Walker, light & power sales manager of the B. C. Electric Railway Co., led a discussion and directed a number of questions to Mr. Fraser.

Ten from A. S. & M. Area
The conference closed with a demonstration of portable pipe and pumping equipment, given by Pumps & Power, in front of the University stadium.

Abbotsford district was well represented at the meeting. Messrs. J. W. Carlson, Stanley Carlson, Geo. Beharrell and two companions, all of Matsqui, were particularly interested in the reports of dairymen to the south who have made use of sprinkling. Mr. R. J. Bawinheimer of Abbotsford and Mr. Ralph Gram, B.C.E.R. agricultural agent at Abbotsford, Messrs. W. R. Redman and Dick Redman of Bradner also attended the conference.

INCREASE YIELD OF SUGAR BEETS BY NEW METHODS

New developments in sugar beet production which, it is stated by Douglas Scalley, general agricultural superintendent of Utah-Idaho Sugar Co. (which operates the sugar refinery at Bellingham) should increase yields in 1939 by three tons to an average of 13 or 14 tons an acre, are being explained in the Puget Sound district.

Larger American-grown seed is to be supplied instead of European seed. All seed is to be treated against "black root" and a number of single-seed dropping machines are to be introduced. When seed is planted by these machines it is estimated spring hand labor is reduced by half. A staff of agricultural experts is to be sent out to assist growers and explain the use of beet tops and pulp in stock feeding.

FEDERAL MINISTER OF AGRICULTURE TO VIEW VALLEY FARMS

Hon. J. G. Gardiner, Dominion minister of agriculture, will be in the Fraser Valley on Saturday to view the farming district and especially to discuss problems with poultrymen and dairymen. Tom Reid, M.P., is making arrangements for Mr. Gardiner's visit.

The cattle show is expected to be the largest in years at Whatcom County Fair, Lynden, September 14 to 17. Grade cattle as well as registered stock are permitted to show this year.

Whatcom County potato growers are voting this week on whether or not they approve a proposed marketing order regulating grades, inspection, assessment for expenses.

OPEN LOCKER PLANT

Owned and operated by Chilliwack Refrigeration Co. Ltd., a locker cold storage plant with 300 lockers, was opened at Chilliwack at the week-end. George E. Williams is manager. The plant was erected with Chilliwack capital.

Congratulations
due?
Call by
"long-distance"

Weddings, births and anniversaries call for congratulations. If the folks to be congratulated are in another town, send your greetings by long-distance telephone.

Apart from the joy associated with the occasion itself, people who use "long-distance" have the added pleasure of hearing the voices of distant dear ones.

A time for congratulations is a time for a long-distance call.

INDEPENDENTS
ADVISED NOW
TO PAY FEE

Members of the Independent Milk Producers' Association will be circularized by the board of directors advising them to pay license dues to the Lower Mainland Dairy Products Board, it was decided at a meeting of directors. Basil Gardom was in the chair.

Independents will be urged to pay license dues of \$5 a producer for the period which commences November 1, 1937, up to and including the current license.

The meeting also nominated Mr. Gardom to fill the vacancy in the present milk board until the plebiscite has been held.

ADD CONVENIENCES
FOR GAS PATRONS

Improvements noted at local auto service stations include a new cost register gas pump at Ashdown's service station and an automatic signal that calls an attendant when customers drive up to "Slim's" Tire Service.

SALES RECORD GAIN

The Iron Fireman Manufacturing Company scored a 4.3 per cent business gain in the first seven months of this year, compared with a similar period in 1937. Jack A. Weir, Abbotsford agent, has been advised.

Fiery, Itching Skin
Gets Quick Relief

There is one simple yet inexpensive way to stop the itching and irritation of Eczema instantly, and that is to apply Moone's Emerald Oil night and morning and people who suffer would be wise to try it.

Ask Geo. A. Black or any first-class druggist for an original two-ounce bottle of Moone's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces last a long time.

The SNAPSHOT GUILD
DO'S AND DON'TS

Give your camera half a chance and you'll get good snapshots.

IT'S really quite surprising the number of amateurs who go merrily along snapping pictures without giving any thought as to why their snapshots appear somewhat smudgy or cloudy.

If your snapshots can be classed with the above the chances are the trouble can be attributed to your own neglect and not to faulty construction of the camera.

A dirty lens, for example, will cause smudgy prints. A lens is the eye of your camera. Can you see clearly if your glasses are smudged by finger prints?

Cleaning a lens is a very simple operation. All you need is a soft, unstarched linen handkerchief and perhaps a match or pencil, if the lens is quite small. The rear surface of the lens can easily be reached by removing the back of the camera.

If the camera has a double lens (one behind and one in front of the shutter diaphragm), the front combination may be removed by turning to the left, which will allow you to work through the shutter opening when set for "time," with the handkerchief over the end of the match or lead pencil. If the lens is quite dirty breathe on it and then rub quickly with the handkerchief. Be sure, when replacing the front lens, to screw it back into the shutter as far as it will go.

The suggestion to work through the shutter opening also applies to cleaning the front surface of single lenses fitted to box cameras and certain folding models. Work carefully and don't exert too much pressure.

THE
LIBRARY
CORNER

"Liberalism Faces the Future," by C. R. Skinner. The author defines Liberalism as a way of life, traces briefly its development throughout history, and offers arguments in favor of its application to the problems of the modern world. He believes that in the liberal way of life can be found the solution to modern problems.

"Look Eleven Years Younger," by Gelett Burgess. Age, the author believes, is indicated by elderly behavior rather than by appearance.

"Economics for Everybody," by Mervyn Croshaw. Economics for everybody, from the pyramids to the sit-down strike.

"House that Hitler Built," by Stephen H. Roberts. Probably the most comprehensive, balanced, and best written study of Nazi Germany.

"Let Your Mind Alone" by James Thurber. Series of articles reviewing in rather unsympathetic tone, the best-seller inspirational books such as "Wake-up and Live," etc. Similar treatment of intellectual critics, the autobiographers, etc.

"Apes, Men and Morons" by E. A. Hooton. The general theme underlying the book is that all is not well with human evolution or "progress" as it is known to the general public, and that the cultivation of anthropology as a kind of finishing school for medicine and sociology is the surest method at present known to man of attacking this problem.

"Transgressor in the Tropics" by Negley Farson. The author of "The Way of the Transgressor" went to South America upon an unspecified job. He visited Venezuela, Panama, Colombia, Ecuador, Chile and Peru, and in a series of short pithy chapters he describes these countries' their climates, people, customs and politics, and spices his description with anecdotes about the unusual characters he met.

EDUCATIONAL AREAS

Eleven more large unit school administration districts were set up in Alberta during the past year, bringing to 22 the number of these units which comprise about 1400 former school districts.

Chas. O'D. Bell Leaves Matsqui After 30 Years

Mr. Charles O'D. Bell of Matsqui, a well-known resident of the Central Fraser Valley area for the past 30 years, severed his connections here last week and, with his son, John, left for fresh fields. He plans to establish at Queen Charlotte City, B. C. Mrs. Bell has moved to Marpole, Vancouver. Their other son, William, is prospecting with other young men from the district in the Cariboo. Their daughter, Marion, resides in Sidney, Australia.

Former Councillor

A member of Matsqui municipal council for a total of eight years and for five years secretary of the Matsqui school board prior to formation of the M. S. A. Educational Area, Justice of the Peace for 15 years and stipendiary magistrate in Matsqui, Mr. Bell has played an active part in the development of the municipality during the past quarter-century.

Born in India

The son of a British civil engineer, Mr. Bell was born in India in 1883. As a youngster he went to Australia and thence to Scotland. He came from Watson's school, Edinburgh, to Sumas Prairie in 1900, forming his first acquaintanceship with dairy cows as a hand on the farm of Mrs. Phoebe Campbell. Later he was employed by the C. P. R., first as an assistant storekeeper at Kamloops and Revelstoke, and then as a wiper at Nelson and spare fireman out of Tadoussac. He also worked as a storekeeper on the G. N. R. in U. S. A. prior to a trip to Australia in 1907-09.

Married Miss Campbell

Returning to the Fraser Valley in 1909, Mr. Bell bought land where Matsqui station of the C. N. R. is now situated and kept this until last year when it was acquired by T. Weymouth. In 1910 he married Miss Fanny Campbell, daughter of his first employer on coming to Canada.

In 1917, after operating a milk route in Abbotsford for a time, sold the present site of the Abbotsford hotels to Mr. C. A. Haddrell and returned to Matsqui.

In recent years Mr. Bell has conducted an insurance business and this he has turned over to Mr. G. H. Loach, J.P., of Bradner, who also has assumed the court duties in Matsqui.

BRADNER

Miss Edith Chittendon has returned to Vancouver after spending the past week at her home here.

Mr. Allen and son, Charles, of Vancouver were week-end guests of Capt. and Mrs. Chittenden.

Mr. and Mrs. Loach had as their guest Mr. Martin S. Robinson of Vancouver.

Mrs. Roberta Morgan, daughter of Mr. and Mrs. L. C. Gardner, with whom she has spent the summer months, left for her home in San Diego on Thursday. Mrs. Gardner accompanied her to Vancouver for the day.

Mrs. E. Marshall is visiting Mrs. G. Marshall in Burnaby.

Master Frank Brown is the guest of Mr. and Mrs. Hudson of White Rock.

ABERDEEN

The Birthday Club met on Tuesday at the home of Mrs. Henry in honor of her birthday, as well as Mrs. H. Wilson. The prize winners at whist were Mrs. Alf. E. Glendhill and Mrs. T. Layman, and the consolations to Mrs. J. K. Glendhill and Mrs. J. Smith. The guests of honor were presented with a set of Sherbert glasses and a pyrex dish, respectively. Tea was served by Mrs. T. Rottluff, assisted by Mrs. Denny.

Mrs. Palmer of Ladner and Miss Denny of Tomahawk are guests of Mr. and Mrs. Wilson.

Mr. and Mrs. H. Bloomfield and baby daughter have left for their home at Rock Bay.

Mr. and Mrs. Harry Fowles and family, who have been away on a fishing trip up the Cariboo highway, have returned home.

Mr. and Mrs. Harrington and Mrs. Hallert of Vancouver are guests of Mrs. J. K. Glendhill.

Mr. Donald Towlan of Vancouver spent the week-end at home.

Mr. Jack Groves has returned to camp at Harrison Lake, after spending a holiday with Mrs. Groves at Shore Acres.

Mrs. Denny, who has been visiting in Mt. Lehman during the past week, has returned home.

NOTICE—The lady and gentleman of Abbotsford who, by mistake, picked up a wool blanket near C. Laviole's house on Hall's Prairie road, one mile and a half from Hazelmore Hall, Friday, August 5, are (to save you and us more trouble) requested to bring it back or to leave it at the office of the Abbotsford, Sumas & Matsqui News. —34

IN MEMORIAM

In loving memory of our dear friend, Elizabeth Culliton, Abbotsford, who passed away one year ago, August 26.

In silence we watched her falling, And saw her pass away. God only knows how much we miss her.

Since she went away; And while she sleeps a peaceful sleep. Her memory we shall always keep.

Ever remembered by husband, sister and Birthday Club.

CANADA PACIFIC EXHIBITION

THE SHOW WINDOW OF BRITISH COLUMBIA

BRITISH COLUMBIA ON PARADE ★ ★ ★

Heralded by the monster "Parade of Progress," the great Canada Pacific Exhibition will be opened on Monday, August 29th, by the Hon. James G. Gardner, Minister of Agriculture. For seven days and nights this great pageant of industrial and domestic life will provide glorious entertainment and education for young and old. Exhibits far exceed any other year. Daily features include horse racing, bands, free shows, the midway... there's a thousand and one exciting features filling every minute of every day and night. Don't fail to see every part of this great Canadian exhibition.

OVER \$5,000 IN PRIZES

ADVANCE SALE SPECIAL PRIVILEGE TICKETS... 3 for \$1.00

Tickets entitle you to participate in free awards. Each ticket will admit one adult (or two children) to the Exhibition grounds. Two tickets are good for one admission to Grandstand for Horse Racing. Get your Special Privilege Tickets from local dealers, street salesmen or from Advance Sale Headquarters, 402 West Pender St., or from Exhibition Headquarters, Exhibition Grounds, Vancouver.

Tickets sold at gates do not give these privileges.

GAME FISH CONTROL IN BRITISH COLUMBIA

The general sporting public, especially those interested in the art of angling, will no doubt be interested in hearing of the work being undertaken by the Game Commission in respect to its game fish culture policies. Since the first of the year, the Province has assumed control of its sport or inland fisheries, which were formerly under the jurisdiction of the Dominion.

Many hatcheries and eyeling stations formerly operated by the Dominion have been taken over and are at present in operation; the result of this work being that by the end of the year there will have been liberated approximately 13 million trout as eyed eggs, fry or fingerlings in various sections of British Columbia.

Besides this, a large number of stranded salmon and trout fry have been transferred from pools of water adjacent to rivers and liberated again in the main streams so that they might have a chance to survive. Each year owing to the drying up of the water this rescue work is necessary.

GORDON S. WISMER, K. C.
Attorney General
Victoria, B. C.

F. R. BUTLER,
Game Commissioner.
